

ANTWERP HAS CUNARD OFFICE.
The Cunard Steamship Company, Ltd., operating the ships of the Anson Line, the Anchor Line and the Anchor-Donaldson Line, has opened an office in Antwerp, Belgium, according to announcement yesterday. The Antwerp office is located in the Hansa House, with entrance from the canal and from the quay.

GIRLS

The newest complexion is the "liquid" powder. It is a skin cream, stays all day, and is absolutely harmless. It gives you a rosy, peach-like complexion which everybody will love. It is absolutely harmless. It does not refund the money if it fails. See large advertisement in the paper. In the meantime get it and try it.

THE WHOLE FAMILY SHOULD TAKE HYPO-COD AS TONIC FOR SPRING

**Fortifies Disease Resisting Vitality—
Makes Every Member of Family
Stronger, Better Able to Enjoy
Both Work and Play In Spring**

**NEAREST IDEAL TONIC BOTH FOR
AFTER SICKNESS AND AS A
SEASONABLE TONIC FOR
WHOLE FAMILY**

**Drives Out Colds, Coughs,
Bronchial and Catarrhal
Troubles Quickly.**

**HELPS DIGESTION, LUNGS,
APPETITE AND BLOOD**

The wisdom of taking a tonic in springtime is as old as the hills, and since the recently discovered power of Earle's Hypo-Cod to quickly put the users back on their feet in robust health, physicians, druggists and thousands of users have turned to this splendid preparation in preference to all the older less efficient tonics and system builders.

Investigation has shown the average school child is undernourished and deficient, and yet a bottle or two of Earle's Hypo-Cod given according to directions will usually turn that weak, pale, puny child into a robust healthy youngster in from ten days to three weeks.

The draft proved conclusively that even men in their prime are more than apt to be lacking in that strength, virile manhood which is to be envied and jealously guarded. Women are government departmental forces are up to par physically. No wonder so many tire easily, are nervous, sleep poorly, eat sparingly, are often troubled with so-called indigestion, gastritis, headaches, constipation, shortness of breath, weak lungs and kindred complaints so apparent to every one. No wonder days are not enjoyed, health breaks down. The present day hurry, worry, overeating, lack of exercise and fresh air is bound to cause the most of us to fall below par physically, and no wonder medicine must be relied upon more and more to help nature out and correct the deranged, disordered condition of stomach, nerves, blood and digestion.

What Hypo-Cod Contains.
The genuine Earle's Hypo-Cod, which outshines all other tonics here, contains medicinal elements recommended alike by the profession and public. Malt extract, iron, wine, cherry bark, syrup of hypophosphites and extracts from fresh cod livers are known the world over as harmless, yet powerful system building elements.

As people past middle life need these elements to aid their digestion and blood and nerves and to build up their strength, just as the sick person does after a long siege of sickness. People in their prime who have sapped their strength and vitality by overwork, excesses or strain, long hours and worry need the same things for these elements are vital when the system has become run down and weakened from any cause.

This explains why people by the thousand and tens of thousands here in the District of Columbia take this preparation in preference to secret patent medicines. Hypo-Cod is not a patent medicine. It is made by the nationally known Earle Chemical Co., of Wheeling, W. Va., which insures quality and full strength. It is blended so nicely and tastes so nice that children are fond of it, and although it contains extracts from fresh cod livers, people with the most delicate stomachs are delighted with it.

The glowing tributes paid this preparation have been published in the advertisements almost daily in the newspapers. The statements of still more Washingtonians appear on the right of this same page. Read what they say, and if you know of some one needing a tonic or if you yourself are not 100 per cent efficient and feeling robust, strong and vigorous like you should come down to the drug store and get a bottle. You will be delighted.

(We gladly prepay Hypo-Cod anywhere on receipt of \$2.00. PEOPLE'S DRUG STORES.)

FINLAND TO USE 50 MILLIONS FOR ARMY

Finland will spend \$50,000,000 in 1919 on her army, Heisingfors advises today announced.

The minister of war has expressed a desire to out down the military appropriations owing to Finland's financial difficulties, the advice stated, but the government finds the maintenance of a strong national army necessary for the present.

Finland's total budget for the year calls for \$315,666,440. This will necessitate a temporary loan as well as a national bond issue, it was declared.

Finland may be able to obtain foreign credit if she using recognition at the peace table. Russian republics factions, it is understood, are opposed to the allies recognizing Finland.

TRANS-OCEAN SEAPLANE MAKES GOOD ON TRYOUT

NEW YORK, April 23.—The N.C. 2, one of the United States naval seaplanes which may attempt the trans-Atlantic flight, had a brief trial yesterday.

The boat circled in the air, landed on the water, rose again, made another landing, and then mounted to a great altitude before making a final landing.

Help bring the boys home from France. War Savings Stamps will do it.

JURY BALKS AT NAMING SLAYER

That Mrs. Alice Henrietta Allen, wife of Bradley H. Allen, was shot to death, "supposedly by Joseph E. Englehart," who died in a Baltimore hospital from a self-inflicted bullet wound, was the verdict of the coroner's jury.

The jury sat in the inquests over the bodies of Mrs. Allen, Mrs. Annie Sloates, and Thomas Smyth, at Laurel, Prince Georges county, Md.

In the cases of Mrs. Sloates and Smyth the jury brought verdicts that "they came to their deaths by being shot with a pistol in the hands of some one unknown to the jury."

At the inquest held in Baltimore over the body of Englehart a jury impaneled by Coroner Harry K. Gorsuch brought a verdict that Englehart had committed suicide.

Testimony given at the inquest at Laurel last night tended to show that Englehart had carefully planned a triple murder and suicide, but as no one witness to the tragedies has been found, he was not held directly responsible for them.

CARRIED BIG HORN IN PERSHING'S BAND

SERGEANT JOHN F. PETROSKY, a member of the famous Pershing Band of more than a hundred pieces, which recently returned from France aboard the steamship Von Steuben. The band's band will give concerts throughout the country in aid of the Victory Loan. Sergeant Petrofsky shoulders an immense horn and is one of the mainstays of the unique organization.

SEN. WATSON QUILTS PRESIDENTIAL RACE

Republican politicians here are keenly interested today in the announcement in Indianapolis that Senator Watson has withdrawn his name from consideration as a Republican Presidential possibility.

Just who will get Indiana's support for President, in view of the withdrawal of Senator Watson is a subject of speculation. Governor Goodrich is understood to be an aspirant for Vice President, and the way is now left open for him to seek that honor.

One view is that there is an alignment likely of General Leonard Wood and Governor Goodrich, with Wood for President and Goodrich for Vice President.

Had Senator Watson remained in the field Governor Goodrich would have run for the Senate. It is said the proposition was put up to Senator Watson whether he was going to run for President or for the Senate, and thereupon he dropped out of the Presidential list.

12,521 ENLISTMENTS TO APRIL 17. for the week ended April 5, the War Department has announced. There were 12,521 enlistments between February 12 and April 17.

POLICEMAN'S WIFE PRAISES HYPO-COD

Appetite Gone, Terrible Cough. Nerves Bad. Was Weak and Run Down After Attack of "Flu."

"I had an attack of the 'Flu' and it left me with a bad cough and bronchial affection. My appetite was gone and coughing made me so weak I was completely exhausted. My nerves were on edge all the time and I felt miserable. My cough hung on in spite of everything I took for it, and I thought I would have to wear it out until I began taking Earle's Hypo-Cod, which is just grand for such troubles," declared Mrs. A. E. Canfield, 120 5th St. S. E. (wife of Officer Canfield, attached to Precinct No. 10).

"I have taken three bottles of Earle's Hypo-Cod now," continued this lady, "and the results have been good. Not only has it stopped the cough, but it has built up my strength. Gave me a good appetite and my nerves are like new again. Honestly, I wouldn't have believed a medicine could cause such a change in a person as it has for me. I've gotten my daughter and her husband using it, and I know it will do for them what it has done for me. It is certainly grand. I hope others will try it, for it surely does the work."

Read what others say about it below and on the left and then get a bottle of Earle's Hypo-Cod anywhere, receipt price \$2.00. People's Drug Stores, Washington, D. C.

PERSHING PRAISES SALVATION ARMY

NEW YORK, April 23.—Efforts of the Salvation army to push its activities "as far as possible to the front" in the western war zone, with self-sacrifice second to none, were warmly praised by General Pershing in a cable message to Commander Evangelina Booth.

"I wish to express to you my sincere appreciation and that of all members of the American Expeditionary Forces for the splendid service rendered by the Salvation Army," said the message.

"The outstanding features of the work of the Salvation Army have been its disposition to push to the front, and the trained and experienced character of its workers, whose one thought was the well being of the soldiers they came to serve."

"While the maintenance of these standards has necessarily kept your work within narrow bounds, as compared to some of the other welfare agencies, it has resulted in a degree of excellence and self-sacrifice in the work performed, which has been second to none. It has endeared you organization and its individual men and women workers to all those divisions and other units to which they have been attached, and has spread their good name to every part of the American Expeditionary Forces."

"Please accept this as a personal message to each of your workers."

IT KEPT ME ON MY FEET

Declares Washington Lady, Who Had Slight Attack Grippe and Breakdown

HER MOTHER FIRST USED IT WITH FINE RESULTS

"I feel sure that Earle's Hypo-Cod was the only thing that kept me on my feet recently," declared Mrs. H. A. Wright, 1410 Potomac avenue southeast.

"I was suffering from a general breakdown as well as a slight attack of the grippe. I felt weak and my appetite and had pains and numbness in my limbs, due to poor circulation and a weakening sensation and pains in my back and the usual after effects of the grippe."

"My mother had been using Hypo-Cod and found it strengthened her, so I got a couple of bottles and it strengthened me considerably, and I intend taking more of it. I feel sure it was the only thing that kept me on my feet."

"The reason I recommend it as I do is because it not only helped me but was well spoken of by our doctor and also by the drug clerk. It is indeed a 'Health Builder' and will certainly assist convalescence," continued Mrs. Wright, whose address is given above.

Thousands in a rundown, weakened, nervous and debilitated condition, due to overwork or sickness, have found Earle's Hypo-Cod does exactly as it promises. Put one back on their feet. The formula is on the bottle and doctors and druggists recommend it. It is made by the nationally known Earle Chemical Co., Wheeling, W. Va. Read what others say elsewhere on this page of today's paper and then get a bottle at the nearest People's Drug Store.

(We gladly prepay Hypo-Cod anywhere receipt price \$2.00. People's Drug Store, Washington, D. C.)

A MEDICINE OF WONDERFUL VALUE

Stopped My Cough. Built Me Up. Feel Better Than In Months.

DECLARES WASHINGTON LADY NAME GIVEN BELOW

"I was in a terribly rundown and weakened condition following the 'flu.' I fell off in weight and had a dreadful cough. My appetite was completely gone and I felt miserable indeed. My eyes watered, nose ran and I had a bad catarrhal condition," declared Mrs. M. W. McCartney, 25 Randolph Place.

"Even the neighbors speak about my improvement, however, since I took Earle's Hypo-Cod. It has benefited me greatly. Stopped my cough right away and cured my cold in just a few days. It has given me a good appetite, too, and built me right up. But the best part of it is that I feel so much better. My strength has returned and all of my old-time vigor. My nerves are stronger and I don't have the headaches I used to and on the whole I feel better than I have in months and months. It is a medicine of wonderful value," declared Mrs. McCartney, whose address in Randolph Place is given above.

If the reader is weak and run-down or not up to par physically or if they know of some one, young or old, who needs a tonic come down to the drug store and get a bottle or two of this remarkable preparation. It is not a patent medicine or secret remedy. The formula appears on each bottle and doctors and druggists recommend it. It is the product of the famous Earle Chemical Co., Wheeling, W. Va., which insures perfect blending and quality.

(We prepay genuine Earle's Hypo-Cod anywhere, receipt price, \$2.00. People's Drug Stores, Washington, D. C.)

HUSBAND HAD BAD COLD ON LUNGS

Cougher Great Deal. Pains Across Chest. Was Weak and Worn-Out.

WIFE GETS HYPO-COD NOW FEELS SPLENDID

"My husband had a bad cold and pains in his lungs and coughed a great deal. His appetite was poor and he was weak and run-down. I bought when I first saw Hypo-Cod advertised and got a bottle. It did wonders for him," declares Mrs. C. J. Leeman, 403 D street northeast.

"The first bottle seemed to help him and before it was half gone his cough had stopped. He has now taken several bottles and it has built him up and given him new strength. He now has a good appetite and gives Hypo-Cod the credit for it all. He certainly thinks Hypo-Cod is a fine medicine," declares Mrs. Leeman, the wife of Mr. Leeman, who for 30 years has been an electrical engineer on the B. & O. R. R.

When one's lungs are weakened and affected with bad coughs, colds and congestive pains it is wise to take Earle's Hypo-Cod, for this splendid medicine contains a generous amount of extracts from fresh cod livers, together with Syrup of Hypophosphites, Malt and Cherry Bark, which are all good for quickly relieving bronchial, catarrhal and pulmonary trouble.

Read what others in Washington say about this superb remedy and tonic and then come down to the store and get a couple of bottles tonight if any member of the family is so troubled. (We prepay Hypo-Cod anywhere on receipt of price, \$2.00. People's Drug Stores.)

EARLE'S TASTELESS HYPO-COD

WITH WILD CHERRY MALT AND IRON

A PALATABLE STRENGTH-CREATING RECONSTRUCTIVE TONIC

Sold by People's Drug Stores (3 Stores)

FO ENTERTAIN CHURCH WORKERS FROM FRONT

Bishop Theodore S. Henderson, lately returned from relief work in France, and Thomas Tippley, field chaplain with the British forces in Flanders, are to be entertained in Washington today at a dinner to be given by the leaders of the Methodist Episcopal Church.

Bishop Henderson has been directing the emergency and reconstruction work of the church in devastated war territory, calling for expenditures of almost \$6,000,000 this and last year. Bishop Henderson will return to France shortly with a relief ship loaded with clothing, food, medical, and other supplies.

Chaplain Tippley is the author of "The Cross at the Front" and "The Soul of the Soldier."

During their stay here, both men will deliver several addresses on reconstruction problems.

Bishop W. E. McDowell, resident bishop, will greet the visitors and arrange for their entertainment.

WOMEN Suffering from Nervousness and Sick Headache
